EXPERTISE + UNDERSTANDING

TOWER has a claims care team with over 50 members who provide timely, efficient and professional service.

Our team members have extensive experience and backgrounds in business, nursing, physiotherapy, law, injury management and occupational rehabilitation, medical research and wider insurance industry claims management.

When your client is injured or becomes ill, you can feel confident that only the highest quality claims service will be provided throughout the duration of their disability or illness.

To make things easier for you we have appointed dedicated state based contacts to assist with any general claims enquiries you may have. Any specific questions relating to a client's claim should be directed through to the dedicated case manager.

TOWER understands the need for a claims team that is accessible. We want to make it as easy as possible for you to service your clients, so don't hesitate to pick up the phone and speak with your dedicated claims contacts. They look forward to answering your queries and assisting you in any way they can.
